@APPRISLTD

WELCOME TO LARF24...

Why should you consider an apprenticeship?

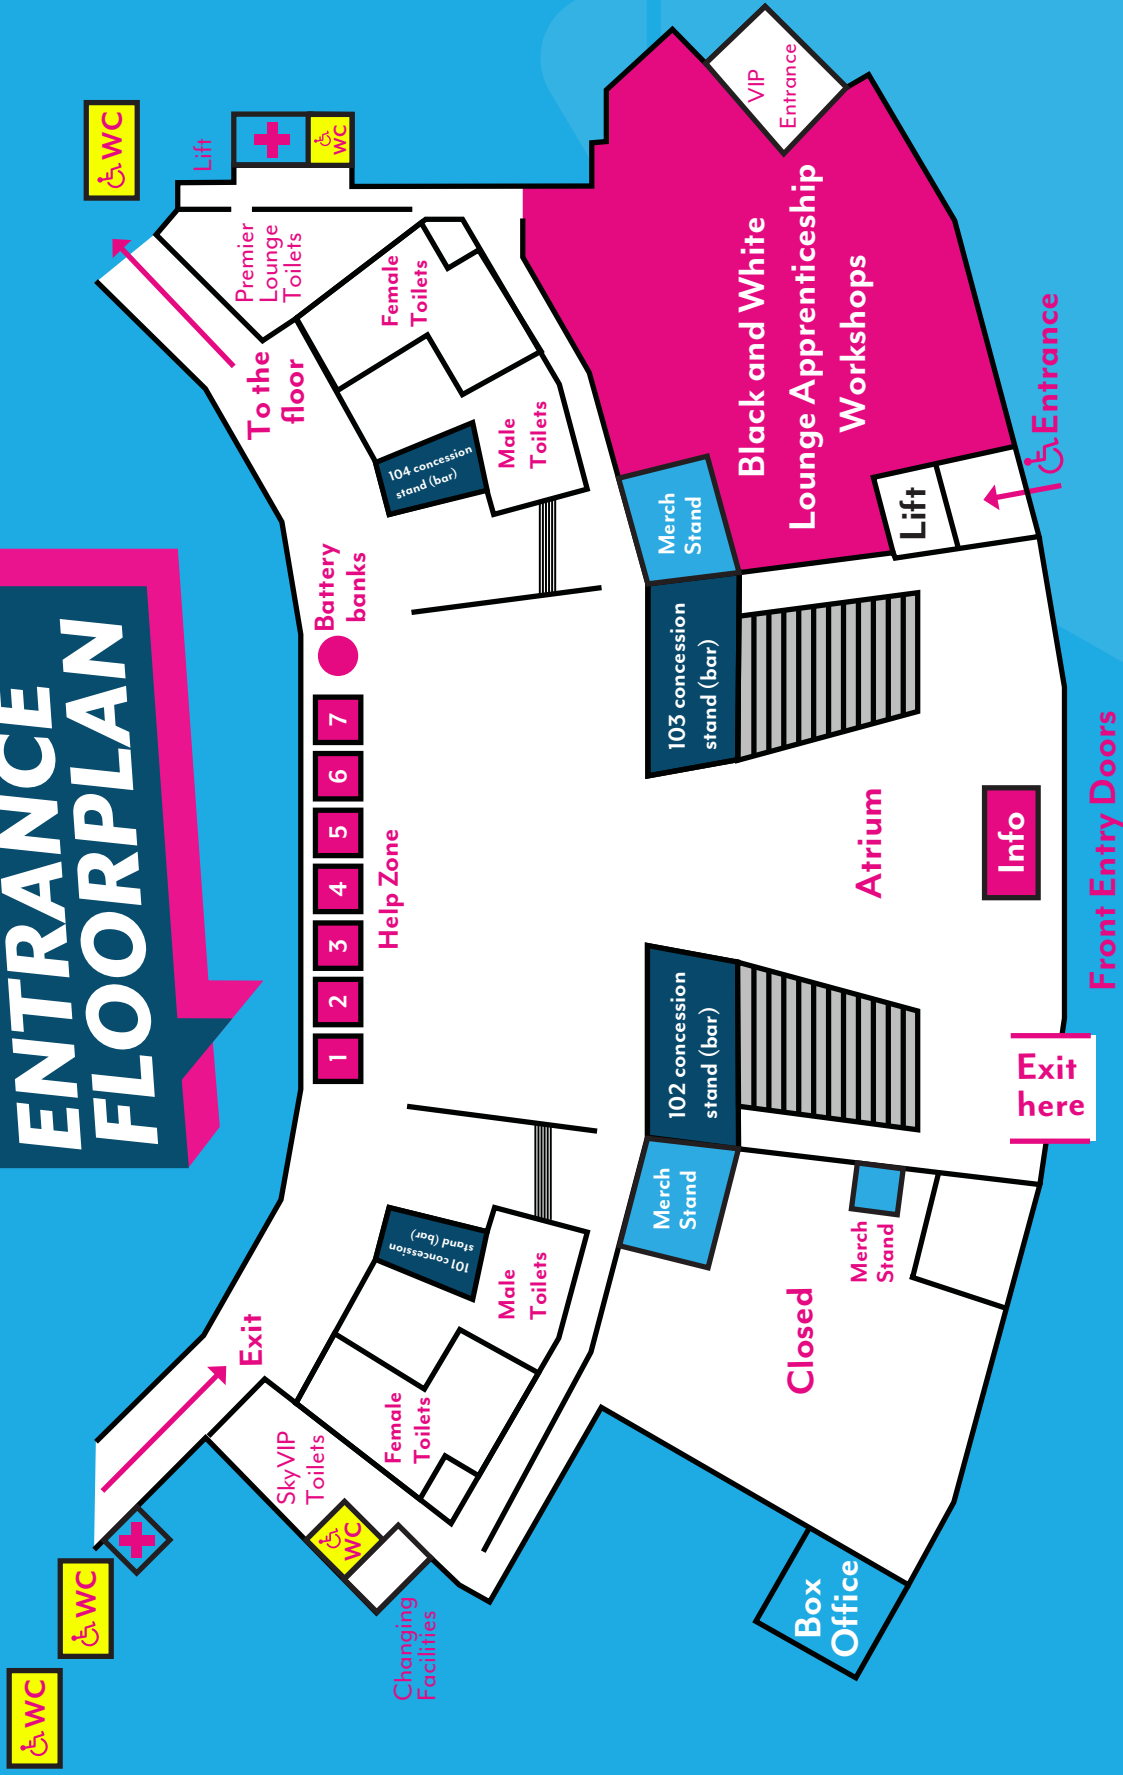

- An apprenticeship will allow you to develop the skills you need to do your job. These skills are recognised by employers and are quality assured.
- You get 'hands-on' practical experience in an actual job role.
- You can move up through the apprenticeship levels and make progress in your career.
- You get paid to learn and train and can avoid the level of debt associated with going to university.
- Support is provided for you throughout the training period, working alongside experienced people in your workplace and with specialist trainers from your employer and your training provider.

Key facts:

- An apprenticeship is a paid job with training.
 - You will gain recognised qualifications which have been designed by employers.
 - There are hundreds of different types of apprenticeships available, at all levels, ranging from Accountancy to Textiles, Engineering to Veterinary Nursing, Business Administration to Construction and Retail.
 - Apprenticeships are offered at several levels:
 - Intermediate Apprenticeship (Level 2). On completion this is equivalent to 5 GCSEs
 - Advanced Apprenticeship (Level 3). On completion this is equivalent to 2 A-Levels
 - Higher Apprenticeships. On completion this is equivalent to a foundation degree
 - Degree Apprenticeships (Level 6)
 - Masters Apprenticeships (Level 7)
- You can apply for vacancies at any of these levels providing you meet the necessary entry requirements.
- There is no age limit to an apprenticeship, but applicants must not be in full-time education and must be over 16 years old.
 - All apprenticeships include "Off the job Training". This is where you are given time away from your daily activities to work towards your qualifications. Some of this time may be carried out at your place of work but some may be provided by a local college or by a training organisation.
 - You get paid to do your apprenticeship. The minimum salary for an apprentice in the first year is currently £5.28 per hour. However, many employers pay more than this amount.

ENTRANCE FLOORPLAN

Apprenticeship Presentations and Workshops

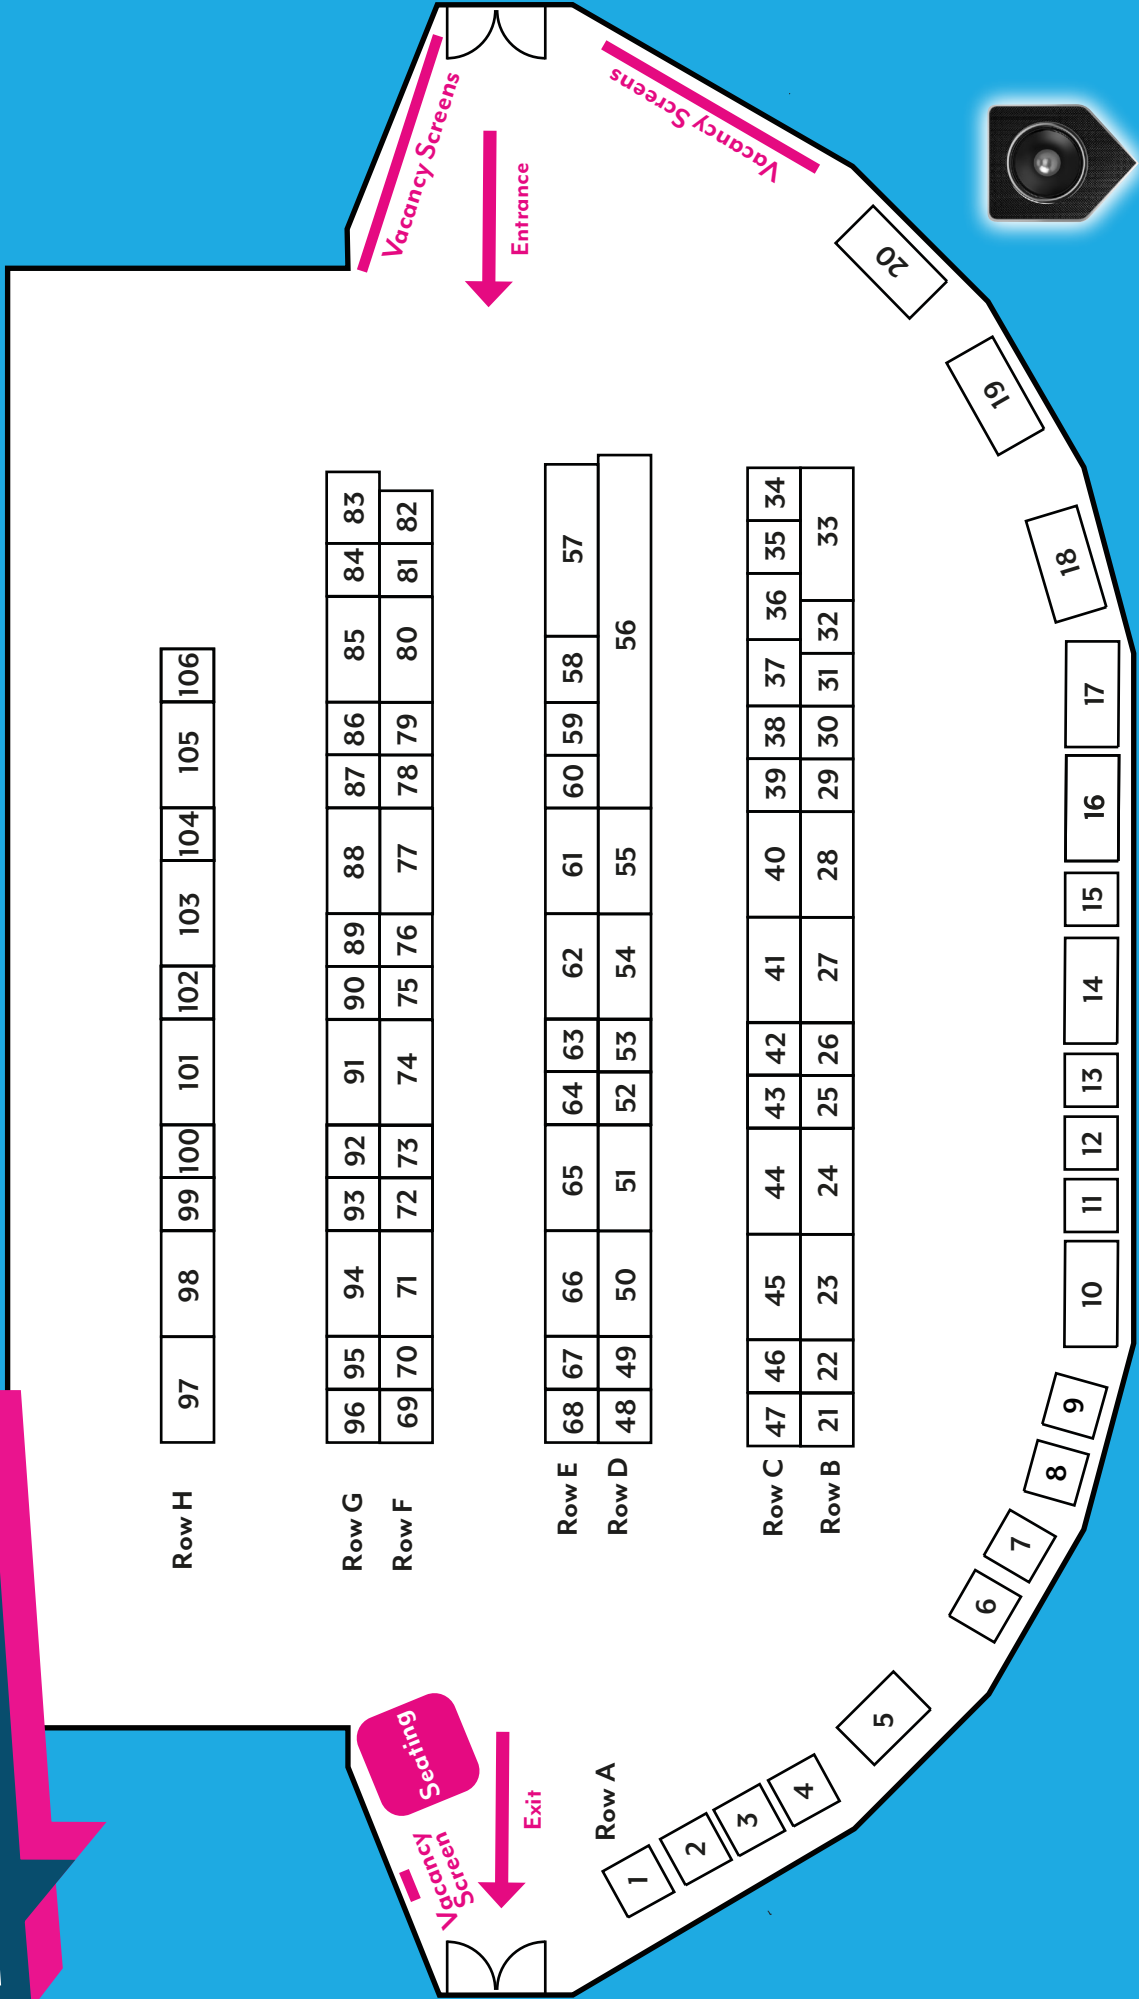

Come and listen to a range of experts discuss their apprenticeships. Find out what is happening in each sector and hear what businesses, training providers and apprentices have to say.

No appointment is necessary, just turn up on the day.

These sessions will take place in the **Black and White Bar** on the ground floor near the main entrance.

Everyone is welcome.

THE BOOT REPAIR CO

We are one of the leading companies in the rapidly growing footwear and leather repair industry. Sustainability is close to all our hearts these days and if you want to help the cause, then The Boot Repair Company could be the place for you!

We are partnered with some of the biggest brands in the game. Dr. Martens, Vivobarefoot, Dubarry, Birkenstock & more.

Become a truly skilled expert in the field, with support from some of the best repairers in the country. We are looking for apprentices to begin their journey with us September 2024 and we would love to have you on board!

Email: info@bootrepaircompany.co.uk for more information

Career Opportunities

Exceed your expectations

Thinking of starting your career as a Civil Engineer or Quantity Surveyor? Are you looking for an alternative to full time university?

If you would like the opportunity to work with experienced professionals and earn a competitive salary whilst studying for a "debt-free" qualification – then we want to hear from you! Follow the links below to apply for our apprenticeship programmes starting in September 2024.

Other Opportunities

Additionally we continue to recruit nationally for key operational roles including Site Managers, Project Managers, Quantity Surveyors, and Multi-skilled Site Operatives (other roles also available on our website careers page at the link below).

Images from the CML Apprentice Open Day – April 2023

Level 6 Degree Apprenticeship

Five year programme leading to a BSc. in Quantity Surveying or BSc. in Civil Engineering through a combination of University Studies and hands on work experience in our offices and on site.

Level 3 & 4 Civil Engineering Technician Apprenticeship

Level 3 & 4 Apprentices will study on day release at college combined with practical on the job training, with the option to continue your studies to higher level programmes.

Level 2 Construction Groundworker & Bricklaying Apprenticeships

18 month programmes based on site in Construction Groundworker or Bricklaying working with skilled workers learning your trade and attending college for your practical studies.

If you have the right skills, enthusiasm, drive and initiative, then get in touch:

www.cml.uk.com/careers

Realise your early years career - learn, earn and succeed!

Shape minds, shape futures:
A rewarding career awaits you.

Earn while you learn

Real-world experience

Recognised qualifications

Strong progression routes

Leading employers

Ongoing support

Make a difference

Ready to turn your passion for education into a rewarding career? Seize the opportunity and apply today!

X4377

Be your best you.

JCT600 is a modern family business with a 75-year history and a secure long-term future, yet our ambition remains the same – 'We don't want to be the biggest, we just want to be the best.'

Every colleague lives and breathes our values, delivering magic moments to customers and their fellow colleagues. We like to embrace differences and encourage everyone to build a long-term career.

We work with some of the world's most iconic brands including Audi, CUPRA, VW, Mercedes-Benz, Porsche, Ferrari, Aston Martin, Bentley and more, and we have over 50 sites across Yorkshire, Lincolnshire, Derbyshire, and the North East.

What's on offer?

- Competitive pay & benefits
- Flexible working options
- 34 days holiday
- Career development plans
- Pay progression
- Manufacturer training

apprenticeships@leeds.gov.uk

Your go-to managed service provider.

Founded in 2001, Daisy knows a thing or two about making technology work for big businesses – and we're passionate about it too! We sell tech, that much is true. But in order to do that, it takes a whole load of people with a whole load of different skills and expertise. That's why we offer various apprenticeship opportunities across the business; from Technical to Financial, from People to Project Management and even how we wrap that all up, with Sales and Marketing

MORE INFORMATION

How do you find out more?

The best place to find out all about the different types of apprenticeships is via the website:

The Institute for Apprenticeships.

Visit the site then just click on the Apprenticeship Standards tab:

www.instituteforapprenticeships.org

One of the best places to find apprenticeship opportunities is via the website:

Find an apprenticeship

www.gov.uk/apply-apprenticeship

At this website you can search for current vacancies by level, occupation and geographical area.

Leeds Apprenticeship Hub can help

Leeds Apprenticeship Hub is part of the Employment & Skills Service within Leeds City Council.

We can provide free and impartial information and advice to help you:

 **0113 378 7003**

 **esemployers@leeds.gov.uk**

 **employmentskillsleeds.co.uk**

You can follow Employment and Skills Leeds for up-to-date information and opportunities via:

   **@eandsleeds**

We would love to hear your thoughts on our event. Please scan the QR and complete our survey.

Sustainability at our events

THE UK'S MOST SUSTAINABLE ARENA

Our large events are all held at Leeds first direct arena, which has a 'Very Good' BREAAAM rating and won a Royal Institute of British Architects (RIBA) Regional Award.

GO PAPERLESS

We try to print as little as possible. Instead of paper display boards we have digital screens.

RE-USE AND RECYCLE

We are promoting a reduce, reuse and recycle approach, and ask visitors to adapt this approach when visiting the event.

TRAVEL MORE SUSTAINABLY

With a city centre location, our events are accessible via public transport routes, such as bus and train. It is also walking distance to lots of residents in that area.

ENCOURAGE VISITORS TO THINK GREEN

How can you help? It's not just travel, there's lots of things you can do. Remember to recycle any unwanted pamphlets and don't forget your water bottle!

LEEDS APPRENTICESHIP RECRUITMENT FAIR

THE ONLINE EDITION

hundo

A free online space to complement the in-person arena event. Scan the QR code to create your avatar and explore the immersive space, featuring all LARF24 exhibitors.
